

WINDSORONE

PROTECTED BOARDS

1 Protected to the core; full penetration

Because unlike the other guys, we're assuming you'll actually want to cut the material at some point.

2 Protected against rot, insects and mold

Does *not* protect against your mother-in-law, hangovers, airport security, etc.

3 Gold indoor air quality rating and low VOC's

Because why wear a respirator in your house? That is so 1980's.

4 Weather Resistant System

Water is for drinking, not trim boards.

5 Minimizes the natural tendency to distort

Unlike the explanation your 16 year old gave about how the family car ended up in the pond out on Route 1.

6 No knots; your boards are always clear

Imagine that, you can actually use every foot you pay for.

7 Protection not diminished by shaping, planing, sanding, fastening or molding

(i.e. not diminished by *actual use*).

8 The cut surfaces only need priming

No need to also apply special protection (we took care of that for you).

9 Backed by a 30-year limited warranty

The "limitation" is you have to install it correctly (for one example see #8 again).

10 Build America: Manufactured in the U.S.A.

Because everything else you bought was made in China.

WindsorONE+ should be stored, installed, handled & maintained correctly for the best performance. For complete installation guidelines & the WindsorONE+ protected warranty, please visit www.WindsorONE.com or call us at 888.229.7900.

EVEN *MORE* REASONS TO USE

WINDSORONE

PROTECTED BOARDS

CRAFTSMANSHIP PAYS

- **PROPRIETARY ADHESIVE SYSTEM** creates joints stronger than the wood itself & are backed by a 10-yr warranty
- **REDUCE YOUR DOWNFALL** need 10 sticks, buy 10 sticks
- **CLEAN, TRUE & CRISP EDGES** ensured by technically advanced planers & fingerjointers with custom saw & blade combinations

HEALTH STARTS AT HOME

- **SUSTAINABLY GROWN** harvested from sustainably grown timber stands
- **WATERBORNE COMPONENTS** no solvents
- **TRIPLE-PRIMED ON ALL 6 SIDES** with patented vacuum coating technology
- **DURAPRIME™**: the highest quality 100% Acrylic Latex primer ensures protection against weathering and mold
- **INTERIOR/EXTERIOR**: Durable enough for the exterior, yet still safe to use on the interior

BUILD AMERICA

- **FAMILY OWNED & OPERATED** manufactured in the USA
- **GOT QUESTIONS?** on WindsorONE+ Protected or installation instructions? Looking for a catalog or samples? We're here, call us at 888.229.7900

S1S2E NOMINAL SIZES:	1 x 2	1 x 8	5/4 x 3	5/4 x 10	8/4 x 6
(reversible rough sawn	1 x 3	1 x 10	5/4 x 4	5/4 x 12	8/4 x 8
on one side, smooth on	1 x 4	1 x 12	5/4 x 6	8/4 x 2	8/4 x 10
others with eased edges)	1 x 6		5/4 x 8	8/4 x 4	8/4 x 12

INSTALLATION: 6, 2, 1/4 are just a few installation tips for moisture control. Please see www.WindsorONE.com for *complete* installation guidelines.

6" Install 6" above grade.

2" Install 2" above roof (& all hard/flat surfaces).

1/4" Install 1/4" from flashing.
